Military U/I Requirements

1. [] as advised on that [] does not have on record any U/I requirements placed by the Military on 1 MAR. He has requested that any such requirements on record in the quarters be made available to EE.

2. We find that we have no specific requirements other than those listed in 100A-22944, 100A-2102 and 100A-2086, all of which are available in Salzburg, the last mentioned having been sent directly from EE. We do have in our files several KEEHED dis- patches (i.e., 100A-1124 and 100A-1080) which make reference to military planning of U/I requirements. In view of this, it is suggested that the question of such requirements and the subsequent drafting of a war plan for Austria be discussed with Karl F. Spill.

3. A brief discussion of subject was held recently in head- quarters with [] he was advised per paragraph 2, above.
